Universitätsklinikum Carl Gustav Carus
an der Technischen Universität Dresden
Fetscherstraße 74, 01307 Dresden

31st July 2024 from 3:00-4:30 pm

Nutrition in Oral Health

The dietary behavior of Homo sapiens has changed significantly over the course of human history and is now increasingly a cause of disease. This webinar aims to show the effects of modern nutrition on oral diseases and which nutritional strategies can be used for oral health.
